## ACHIEVEMENTS

- Gate 2024 Qualified (DS & AI ) : - AIR: 997, SCORE: 588, MARKS: 54.33/100
- Gate 2024 Qualified (CSIT) : - AIR: 11991, SCORE: 401, MARKS: 32.24/100
- Gate 2023 Qualified (CS IT) : - AIR: 9868, SCORE: 359, MARKS: 33.33/100
- 3rd position : Coding competition held by LaNet Solutions Pvt. Ltd.
- 6 stars skill rating in Problem Solving at Hackerrank
- 5 stars skill rating in Cpp at Hackerrank
- 5 stars skill rating in Python at Hackerrank

## CERTIFICATIONS

- Generative AI with Large Language Models : DeepLearning.AI
- SQL Fundamentals : DataQuest
- Data Science and Analytics using Python : Quantum Learning

## PROJECTS

### ***LED Turns ON when Timer goes off***

Made an App using Android Studio, and used ESP32 module to connect with App via Bluetooth for communication of commands from App which were to turn ON and OFF LED when the timer goes off. This project was a teamwork, team of 2. We participated in a Challenge held by PoM Lab USA at our college. One of the objectives of the challenge was to bring down the price of overall setup and we did it at our level.

### ***‘Logitrان.com’ — Logistics Service Provider’s online Platform***

Made a partially working website on which all the individual transporters and logistics companies put their services with all details, and consumers can purchase the services without roaming into the market. (Team project)

### ***‘Smart Street Light’ — IOT based for efficient use of energy***

This was a team project, team of 4. We used IR (Infrared sensors) to detect the prototyped vehicle movement. We used the ESP32 module for controlling lights and receiving signals from IR sensors. Our alternate application of the setup was a Smart Passage Light system which get ON when someone passes from it, hence enhancing security at a level.

### ***‘Intervid’ — Video-Chat Website using Django Framework***

Made a website using Django Framework. The layout of the video-chat page was dynamic and changes according to new people joining/leaving the video-chat. For creating a new room for video-chat, just write a new room name and ask your friends to enter the same, hence, you will create and join a new Video-Chat room. (Team project)

## EXTRA-CURRICULAR ACTIVITIES

- Tata Consultancy Campus Ambassador for 2022-2023 at college.

- Participated in Annual Fest ( Verve 2022), being a part of Music and Sound Team of a Drama

- Attended seminar on Extreme Programming ( Got certified by Clarent Institute ) : 2022

- Participated in Sports Day of College : 2019 and 2022

- Volunteered Hackathon held by SSIP and Gujarat Knowledge Society : 2020

- Have been part of NSS Music group : 2019

- Participated in Tech Fest of College ( Kshitij Converse ) : 2019, 2020, 2021 and 2022.

- Given A.R. Rao Mathematics Olympiad : 2019

## HOBBIES

- Chess
- Cricket
- Badminton
- Music
